What Can I Be Trained In?

Our world leading courses train you to be competitive in the market

Cyber Security

Cybersecurity analysts help prevent attacks through their expertise and knowledge of databases, networks, hardware, firewalls and encryption. They also regulate access to computer files, develop firewalls, perform risk assessments and test data processing systems to verify **security** measures.

Robotic Process Automation (RPA)

Robotic process automation is an emerging form of business process automation technology based on the notion of software robots or artificial intelligence workers.

Sales

Tech Sales focuses on connecting consumers with innovative tech products, technology sales is all about identifying the customers who can benefit from a particular solution and showing them how that solution can meet their needs.

Cloud

Cloud computing is a global trend which promises to be the single biggest growth area in ICT. Current estimates are that by 2020, approximately 14% of all digital information will be stored in the cloud. Organizations look at cloud computing as a utility to lower ICT costs and boost effectiveness and are seek to move from fixed capital expenditure investments to variable operating expenses, using these resources to withstand seasonal peaks and for improved shareholder value.

Data Science

Data science is an interdisciplinary field that uses scientific methods, processes, algorithms and systems to extract knowledge and insights from data in various forms, both structured and unstructured, similar to data mining.

The demerger: Does it deliver?

by Ary | Nov 12, 2018 | Labour Data

On Friday, October 5, Wesfarmers released over 200 pages of documents related to its proposed \$20 billion demerger of Coles, after the Supreme Court of Western Australia ordered a shareholder vote on the matter. If shareholders approve the plan, which is also subject...

Nyrstar to keep jobs, says minister

by Ary | Nov 12, 2018 | Labour Data

South Australian lead and zinc producer Nyrstar will aim to keep all its existing employees despite reports of 100 job losses, Mining Minister Dan van Holst Pellekaan says. The Australian Workers' Union says 40 full-time and 60 contract workers will be made redundant...

ASC to cut more shipbuilding jobs

by Ary | Nov 12, 2018 | Labour Data

Adelaide-based defence shipbuilder ASC is looking to cut a further 63 jobs as work on the navy's new air warfare destroyers winds down. ASC is close to completing the third and final ship and says that means it may need to cut 56 production jobs and seven salaried...

Job cuts at Port Pirie Nyrstar smelter despite government-aided redevelopment

by Ary | Nov 12, 2018 | Labour Data

The Australian Workers' Union says the operator of the Port Pirie lead and zinc smelter is set to cut 100 jobs at the site. Smelter owner Nyrstar said it was "reviewing its long-term organisational structure" to secure a sustainable future for the smelter in South...
